

Professional Summary

Data Analyst with 5+ years of experience transforming fragmented Excel-based reporting environments into automated, single-source-of-truth (SSOT) systems. Proficient in SQL, Power BI, Python, and Excel Power Query, with a strong track record in data reconciliation, ETL pipeline design, and executive dashboard development. Specialize in finance and operational data: P&L analysis, SaaS metrics (ARR, MRR, churn), and KPI tracking. Proven ability to reduce manual reporting effort by 70%.

Education

NATIONAL SENIOR CERTIFICATE (GRADE 12) | Princess Park College – Pretoria

November 2012

Subjects: **Higher Grade Mathematics**, Physics, Geography, Business Management, Life Orientation, English, Afrikaans.

Academic highlights: MATRIC- **Bachelor's Degree + Pass** | Strong performance in **Leadership**.

DEPUTY HEADBOY – Grade 11 & 12 - Princess Park College

- Assisted in leading student governance and maintaining discipline and **conflict-resolution** across the school.
- Supported the Head Leader in coordinating school activities and events.
- Acted as a liaison between students and school management.
- Helped enforce school policies** and promote a positive learning environment.

BACHELOR OF COMMERCIAL LAW | BCOM LAW– EDUVOS | Previously Known (PEARSON | MGI) – Midrand, JHB

2013 - 2016

Majors: Business Management, Human Resources, Quantitative Techniques, Financial Accounting

Academic highlights:

Strong performance in Statistics and analytical coursework.

- Introduction to Computers (93%)
- Quantitative Techniques (65%)**
- Introduction to Law (69%)

Certificates

IBM: Data Analytics 2020 | Online

January 2020

Majors: Data Cleaning, SQL (SELECT, LEFTJOIN, WHERE, GROUPBY, HAVING) | CTE's

SKILLSHARE: Intermediate Graphic Design 2022 | Online

September 2022

Majors: Color grading, Photoshop, Illustrator, InDesign. Proficient with using Adobe Studio

UDEMY: JavaScript and PHP Programming Complete Course 2023 | Online

March 2023

(HTML5, CSS, JavaScript, AngularJS, Object-Oriented Programming, SQL)

EDUCOURSE: Data Science, (Oct 2023) | Online

April 2023

Majors: Data Entry, Microsoft Excel, Word, PowerPoint

COURSERA: Data Science, (Oct 2023) | Online

September 2023

Majors: Data Warehousing, Entity Relationship Diagram, ETL Pipelines, Forecasting, Machine Learning

Skills

Python

Libraries: Pandas, Matplotlib, Numpy

UI | UX

Languages: HTML5, CSS4, PHP8, SQL, JavaScript, Markdown MD

Excel

Tools: Pivot Table, Pivot Chart, VLOOKUP, XLOOKUP, VBA

Power BI

Tools: DAX, Power Query

MYSQL | PostgreSQL

Skills: CRUD | CTE | JOINS | Subquery's

Communication Models

SCR | CARL | STAR
Prompt Engineer

Projects

DATA CLEANING & ETL AUTOMATION	Public Projects – Pretoria, GP	January 2022
- Developed repeatable ETL workflows using Power Query, SQL, and Python. - Performed data reconciliation across multiple sources to ensure consistency. - Standardized datasets into structured reporting formats suitable for BI systems.		
BI & AUTOMATION SYSTEMS	Independent Consultant – Remote Online	October 2023
- Designed and implemented end-to-end ETL pipelines using SQL and Power Query, automating data extraction from fragmented Excel sources and reducing manual reporting effort by 70%. - Built executive Power BI dashboards with DAX measures for KPI tracking across sales, operations, and finance, accelerating decision-making cycles by 50%. - Established Single Source of Truth (SSOT) frameworks for 5+ client datasets, performing rigorous data reconciliation that improved reporting accuracy by 60%. - Developed reusable reporting templates and data dictionaries, eliminating version-control issues and enabling cross-functional teams to self-serve reliable data.		
BUSINESS INTELLIGENCE DASHBOARD DEVELOPMENT – ALGRICULTURAL	Family Business DELMAS	April 2025
- Built Power BI dashboards for KPI tracking across sales, operations, and production datasets. - Designed DAX measures for performance tracking and structured reporting logic. - Converted raw Excel datasets into BI-ready structured data models. - Consulted with client to determine the best metrics to be displayed on final product.		

Work Experience

TMM ATTORNEYS – JUNIOR ANALYST AND ADMINISTRATION SUPPORT	GAUTENG, PRETORIA	January - 2016
- Managed, reconciled administrative and financial datasets using Excel, data consistency and accuracy across office operations. Developed Excel PivotTable-based reporting systems for operational tracking, summarization, and executive review. - Improved data documentation and file management workflows, reducing retrieval time and improving reporting reliability.		
INDEPENDENT CONSULTANT – BI ANALYST	REMOTE ONLINE	November 2018 - 2024
- Data cleaning and transformation (Python, Excel, SQL concepts). - Business reporting and KPI dashboards. - Statistical interpretation for business insights. - Financial and marketing data analysis.		
LEGWANYE AGRICULTURAL AND OPERATIONS DATA SYSTEMS	DATA ANALYST – DELMAS	September 2024 - 2026
FAMILY BUSINESS		
- Structured agricultural production, sales, and logistics datasets from fragmented manual records into centralized Excel reporting systems. - Built KPI dashboards tracking production cycles, sales trends, and operational performance, improving business visibility and decision-making. - Consolidated and reconciled multiple data sources, eliminating duplicate records and ensuring data integrity.
